**SPECS &
INFORMATION**

Assembly instructions Endless band and separate houses

1

Put the clamp band on the hexagonal side through the opening of the housing

2

Bend the end of the clamp band 90°

3

Push the end of the clamp band through the other opening of the housing

4

Bend the end of the clamp band straight again

5

You can use a screwdriver to close and tighten the hose clamp

Want to make a custom clamp band?

Use Sheet metal Shears to cut the correct length
or

Bend up and down with pliers until the band breaks through
