Murray Snug Fit PEX Clamps for use with DZR Brass F1807 and Plastic F2159 Fittings

- Available in all popular pex plumbing sizes (3/8", 1/2", 3/4", 1")
- Unique design prevents clamp from sliding freely on pipe prior to crimping
- This snug fit design keeps clamp in position allowing two free hands, providing an easier installation with the crimping tool.
- Narrow ear configuration positions crimp tool handles closer together during installation, reducing effort required of the installer
- Patented tool grip lobes in the ear section eliminates mis-crimps
- Dual stiffening ribs in ear section, improve sealing performance
- Only one tool required for all 4 clamp sizes
- Made from 304 stainless steel
- For use with ASTM F876 pex tubing and ASTM F1807 and F2159 insert fittings
- Certified by NSF

Part Number	PEX Tube Size	Diameter		E	W
		Inch	mm		
PEX288N00C	1"	1.134	28.8	0.315	8.0
PEX224N00C	3/4"	0.880	22.4	0.256	6.5
